Hello!

Welcome to PainCast®

Our mission is simple: to document and share cutting-edge industry knowledge and expertise with the pain medicine community around the world.

We want to create a platform where physicians, educators and students can come together to learn, discuss and advance the pain medicine space under one common goal: **to help every person live pain free.**

WHAT WE DO

Over the past **8+ years**, we've documented **over 500+** educational moments in pain intervention and currently share those moments with **5,500+ active** pain medicine students and physicians.

TESTIMONIALS

What do people **say** about PainCast?

TESTIMONIALS

It has been a consistent pleasure to collaborate with PainCast on developing educational content for the interventional pain world. The quality of their work is unparalleled, and they have been consistently attentive and receptive to our input throughout the process!

D. Mark Tolliver, MA

EXECUTIVE DIRECTOR
WORLD INSTITUTE OF PAIN

TESTIMONIALS

PainCast has put together outstanding content that encompasses the entire breadth of pain medicine. I Strongly recommend PainCast as a great forum with access to the global pain community!

George C. Chang Chien, DO

DIRECTOR OF REGENERATIVE MEDICINE
GCC INSTITUTE

TESTIMONIALS

PainCast is the ultimate source for the most up to date educational content sourced from top pain specialists around the world.
